Full list of updates

- January 2014:
  - A new atlas available: Adult Wistar rat brain template by Calabrese et al. (2013),
- September 2013:
  - New dataset available: the Cortical structures from The Marmoset Brain in Stereotactic Coordinates atlas.
- January 2013:
  - The Custom Reconstruction Wizzard now supports STL (STereoLithography) file format
- December 2012:
  - CAF dataset for The Waxholm Space, delineation 0.6.2 available, see the live preview,
- September 2012:
  - Refined licensing information for a number of atlases.
- August 2012:
  - New atlas available: The Allen Mouse Brain Reference Atlas, 2011 Segmentation
- May 2012:
  - Updated screencasts.
  - New dataset available: Human - Brodmann 05 mapped onto the Conte69 (2012),
- March 2012: Major update of the browser-based service:
  - Possibility of performing and managing custom reconstructions (registration required),
  - Slide browser (see example),
  - Labeled Nifti volume and atlas package available for every atlas,
  - Improved navigation,
  - Tutorials and user guide comming soon...
- December 2011: CAF dataset for The Waxholm Space, delineation 0.6.1 available, see the live preview,
- October 2011:
  - CAF dataset for symmetrical Waxholm Space available, see the live preview,
  - The 3D Brain Atlas Reconstructor is NITRC listed,
- September 2011: 3d Brain Atlas Reconstructor v. 0.1 released: download here,
- June 2011:
  - Web-based service interface has been launched. You can browse through available reconstruction of brain structures or create your own.
  - CAF dataset for Allen Mouse Brain Atlas now available. Here you may find some details about dataset preparation.

- May 2011:Live preview interface allowing the user to load multiple models from given hierarchy tree.
